Be The Change Campaign at Lowes

Together, Goodwill and Lowe's have partnered to "Be the Change" as this summer's round-up beneficiary at Lowe's registers nationwide. From June 26th through October 2nd, Goodwill will be the exclusive recipient of Lowe's "Be the Change" campaign.

Over the next three months, customers of Lowe's stores nationwide will have the opportunity to "round up" their cash purchases and donate to Goodwill with 100% of funds redistributed to Goodwill members to use to support mission programs and services.

Breakthrough Philanthropist of the Year: Pelican Marsh Golf Club

For the past four years, the Pelican Marsh Golf Club's 120 members host an annual golf tournament to benefit a local charity in Southwest Florida. In 2021, Goodwill's Pathways to Opportunity program was chosen as the recipient. Pathways to Opportunity is a full-day training program for adults with intellectual and development disabilities. Currently, there are 96 participants served by the program that work on daily goals to maximize their independence. One of their favorite classes is cooking. The funds generated by the tournament allowed for a much-needed renovation of their teaching kitchen.

"So we were looking at infrastructure," said Ashley Price Swick, Goodwill SWFL's Director of Development. "We knew that the kitchen was going to be a big issue because it's so vital to teaching them life skills like cooking, budgeting, nutrition."

"The Island became accessible because before it was just kind of a block in the middle of the kitchen," explains Jessica Tursi, Director of Development. "We got new appliances, and we got to update everything that we had like the mixer that was broken, the ovens that took 3-hours to preheat. All of that got changed and set up for us."

The generous outpouring from the club not only allowed for the kitchen update, but also helped to fund a scholarship program to help more individuals access PTO classes.

"The cause we have chosen is one I would love to have this was something in favor of disabled people," said Pelican Golf Club member Alfred Steffen. "Because my son has been disable since birth, so it was easy for me to sell people something from the heart."

"When they presented us with the check for about \$42,000 and change, we were both shaking. We were both in tears because it was such an incredible experience," said Ashley. With having all these individuals so willing to help and excited to help, it was really a goose-bump kind of event."

Meet our new PTO Advocacy Council

Advocacy Council Roles

The members of our Advocacy council play an important role in the community of the program. They help decide event planning and what we can do to make our program the best it can be. They all help by giving their opinions on things and giving a different perspective and brainstorming ideas.

The advocacy council gives participants a chance to get their ideas out there and to really make a difference and gives them an opportunity to vote in an election setting with voting booths and receiving "I Voted!" stickers.
